CHAPTER 1

Install

```
pip install doi2bib
```

CHAPTER 2

doi2bib

3.1 Given a DOI number...

```
$ doi2bib 10.1038/s41524-017-0032-0
```

You can easily append a bib into a bibfile, just do

```
$ doi2bib 10.1038/s41524-017-0032-0 >> file.bib
```

You also can generate a bibtex from a txt file containing a list of DOIs

```
$ doi2bib --input file_with_dois.txt --output refs.bib
```

CHAPTER 4

Indices and tables

- `genindex`
- `modindex`
- `search`
